 [LEGO.com/ideas](https://www.lego.com/ideas)

It's Adventure Time™!

Finn and his best friend and adopted brother, Jake, roam the Land of Ooo, righting wrongs and battling evil. Along the way, they make friends with a whole range of wacky characters such as Princess Bubblegum, Lady Rainicorn and Marceline the Vampire Queen. They also have to deal with the grumpy Ice King, the mean ruler of the Ice Kingdom, who really needs to chill out.

The animated television series created by Pendleton Ward has achieved both cult status and widespread popularity, and is now also the 16th set in the LEGO® Ideas series.

C'est Adventure Time™!

Finn et son meilleur ami et Frère adoptif Jake, parcourent la terre d'Ooo, redressant les torts et luttant contre le mal. En chemin, ils se lient d'amitié avec de nombreux personnages loufoques, tels que la Princesse Chewing-Gum, Miss Rainicorne et Marceline, la reine vampire. Ils doivent aussi affronter le grognon Roi des glaces, méchant souverain du royaume des glaces, qui a vraiment besoin de se rafraîchir.

La série d'animation télévisée créée par Pendleton Ward a obtenu un statut culte et une vaste popularité, et est maintenant aussi le 16^e ensemble de la série LEGO® Ideas.

Princesse Chewing-Gum

En tant que geek millionnaire passionnée, la Princesse Chewing-Gum se plonge dans des domaines très variés, depuis la science des fusées jusqu'à l'élevage des tortues.

Le Roi des glaces

Armé d'une couronne magique et d'un cœur glacé, le Roi des glaces a un seul but : trouver une Femme par tous les moyens.

Gunter

Gunter est le nom que le Roi des glaces donne à tous ses serveurs pingouins, mais il le prononce différemment selon la personnalité du pingouin.

A lo largo de su aventura, se hacen amigos de todo tipo de extraños personajes, como la Dulce Princesa, Arco Iris y Marceline, la reina de los vampiros. También tienen que soportar al gruñón Rey Helado, cruel gobernante del Reino Helado, que realmente necesita tranquilizarse un poco.

La serie de animación para televisión creada por Pendleton Ward es hoy objeto de culto, goza de una amplia popularidad y se ha convertido en el 16º set de la colección LEGO® Ideas.

Siendo una millonaria entusiasta de la tecnología, la Dulce Princesa se sumerge en cada rama de la ciencia, desde la astronáutica hasta la crianza de tortugas.

Rey Helado

Armado con una corona mágica y un corazón de hielo, el Rey Helado tiene un solo objetivo: asegurarse una esposa. Cueste lo que cueste.

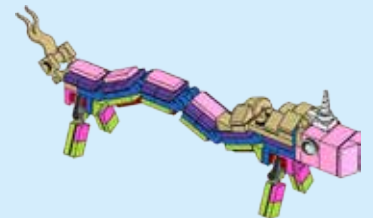

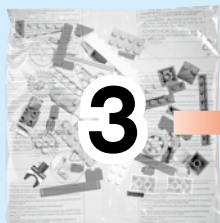

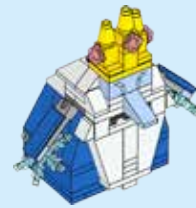

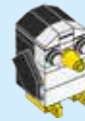

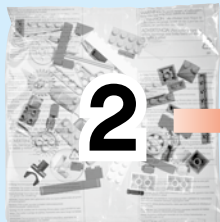

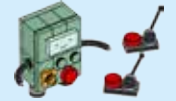

Gunter

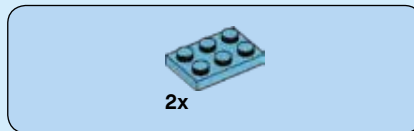

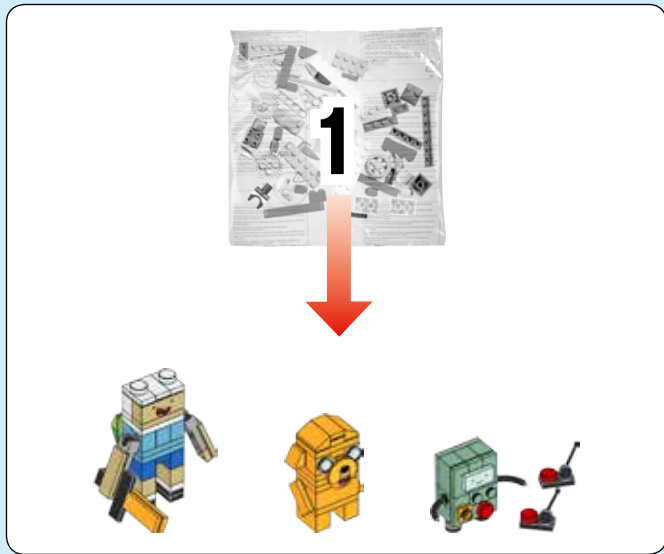

Gunter es el nombre por el que el Rey Helado conoce a todos sus siervos pingüinos, aunque lo pronuncia diferente según la personalidad de cada uno.

Fan designer

As a fan of both Adventure Time and LEGO® building, recreating the characters from the iconic cartoon series was a tough, but very satisfying task for Ludovic Piraud.

“I discovered Adventure Time after I’d read an article about a wacky cartoon series and decided to give the show a try. At first I was puzzled by it, then intrigued and finally completely hooked by its colorful universe and story.”

“The design of the characters in Adventure Time uses very round shapes, therefore LEGO® bricks don’t instantly feel like a good fit to reproduce these rounded shapes. However,

other elements like colors and proportions between shapes are often enough to make a character recognizable, so I thought I’d try to make block-like characters.”

“I’m just an occasional LEGO builder, so I asked for input from other LEGO Ideas users. The feedback I received was very constructive. The last project update is the most accomplished and that’s all thanks to the support from the community.”

LEGO® designer

As a LEGO designer, it was Adrian Florea's role to ensure the final model measured up to the exacting standards expected of all LEGO sets.

"I have followed the series since its first season and instantly liked the characters and the situations they found themselves in, so I was glad to be asked to work on this project."

"As Ludovic's original model was submitted as a 3D rendering and included some elements that were no longer available, I had to find ways to make everything work with the options we had. The same goes for colors, I had to make sure all the right elements were in the proper color."

"I love the line up of characters, but Marceline is my favorite. She has her own bass axe and she's a vampire. I'm from Transylvania and I play the bass in my spare time."

Le fan designer

Comme fan d'*Adventure Time*TM et de la construction LEGO®, recréer les personnages de la célèbre série d'animation a été une tâche difficile mais très satisfaisante pour Ludovic Piraud.

« J'ai découvert *Adventure Time* après avoir lu un article sur une série d'animation loufoque et j'ai décidé de la regarder. J'ai d'abord été très étonné, puis intrigué et finalement totalement absorbé par son univers coloré et son histoire.

Le design des personnages dans *Adventure Time* utilise des formes très rondes. À première vue, les briques LEGO ne semblent donc pas idéales pour reproduire ces formes arrondies.

Ludovic Piraud, le fan designer

Cependant, d'autres éléments tels que les couleurs et les proportions entre les formes sont assez souvent suffisants pour rendre un personnage reconnaissable, j'ai donc pensé à essayer de faire des personnages en blocs.

Je suis juste un constructeur LEGO occasionnel, j'ai donc demandé l'aide d'autres utilisateurs de LEGO Ideas. Les commentaires que j'ai reçus étaient très constructifs. La dernière mise à jour du projet est la plus aboutie et c'est grâce au soutien de la communauté. »

Le designer LEGO®

En tant que designer LEGO®, Adrian Florea devait s'assurer que le modèle final respectait les normes exigeantes attendues de tous les ensembles LEGO.

« J'ai suivi la série depuis la première saison et j'ai instantanément aimé les personnages et les situations dans lesquelles ils se trouvaient. J'ai donc été ravi qu'on me demande de travailler sur ce projet.

Comme le modèle original de Ludovic était soumis sous la forme d'un rendu en 3D et incluait des éléments qui n'étaient plus disponibles, j'ai dû trouver des façons de tout faire fonctionner avec les options dont nous disposions. Il en va de même pour les couleurs :

j'ai dû m'assurer que tous les éléments corrects étaient de la bonne couleur.

J'aime tous les personnages, mais Marceline est ma préférée. Elle a sa propre basse et c'est un vampire. Je viens de Transylvanie et je joue de la basse pendant mon temps libre. »

El fan diseñador

Como Fan de Adventure Time™ y los modelos LEGO®, recrear los personajes de la célebre serie de animación fue para Ludovic Piraud una tarea compleja, aunque gratificante.

«Descubrí Adventure Time después de leer un artículo sobre las series de animación más absurdas y decidí darle una oportunidad. Al principio me confundió, después me intrigó y, al final, su divertido universo y la historia me cautivaron por completo».

«Dado que el diseño de los personajes de Adventure Time se caracteriza por las formas redondeadas, los bricks LEGO no parecen ser la mejor opción a primera vista. Sin embargo, existen otros elementos, como los colores y

las proporciones entre las formas, que suelen ser suficientes para hacer reconocible a un personaje, así que pensé en representarlos mediante bloques».

«Sólo construyo con LEGO de vez en cuando, así que decidí pedir opiniones a otros usuarios de LEGO Ideas. La información que me proporcionaron fue muy constructiva. La última versión del proyecto fue la que más éxito tuvo, y todo fue gracias al apoyo de la comunidad».

El diseñador de LEGO®

Como diseñador de LEGO®, el papel de Adrian Florea consistió en garantizar que el modelo final estuviera a la altura de todos los demás sets LEGO.

«Sigo la serie desde la primera temporada. Los personajes y las situaciones a las que se enfrentan me gustaron desde el principio, así que me alegré de tener la oportunidad de trabajar en este proyecto».

«Como el modelo original de Ludovic era una representación 3D e incluía algunos elementos que ya no estaban disponibles, tuve que encontrar la manera de hacer que todo encajase con las opciones que teníamos. Sucedió lo mismo con los colores: tuve que

asegurarme de escoger los elementos apropiados en los colores correctos».

«Me encantan todos los personajes, pero Marceline es mi favorita. Tiene su propio bajo-hacha y es una vampiresa. Soy de Transilvania y toco el bajo en mi tiempo libre».
